PRINCIPAL'S MESSAGE

Once again our yearbook gives me an opportunity to pass on a message to those who attended McKay Avenue School during the 1976-77 school year. Even though your stay with us was short, we hope that we have helped you in some way to prepare for your future. Most of you will be moving into a high school program next fall. While in the high school, you will further prepare yourselves, to some degree at least, to take your place in the world of work and in the world of leisure. Yes, there will be time when you must work but there will also be time for play. Hopefully, you will learn how to do both in a satisfying and responsible way.

Those who don't contribute work to society to the best of their ability should not expect much from society in return. After all, someone must provide services in order that we can have the things we need and want. Will you be prepared and willing to contribute your fair share?

On the other hand, you will all have leisure time, also. Will you know how to use that time in an enjoyable, healthful, and responsible way? Many people say that they are bored with life. They say that there is nothing to do during their spare time. But is that really true? No, it is not. You can participate in sports, actively or as spectators. You can develop hobbies, enjoy good entertainment, get involved in clubs, and you can do some travelling. These are but a few suggestions regarding the use of leisure time. You will find many others.

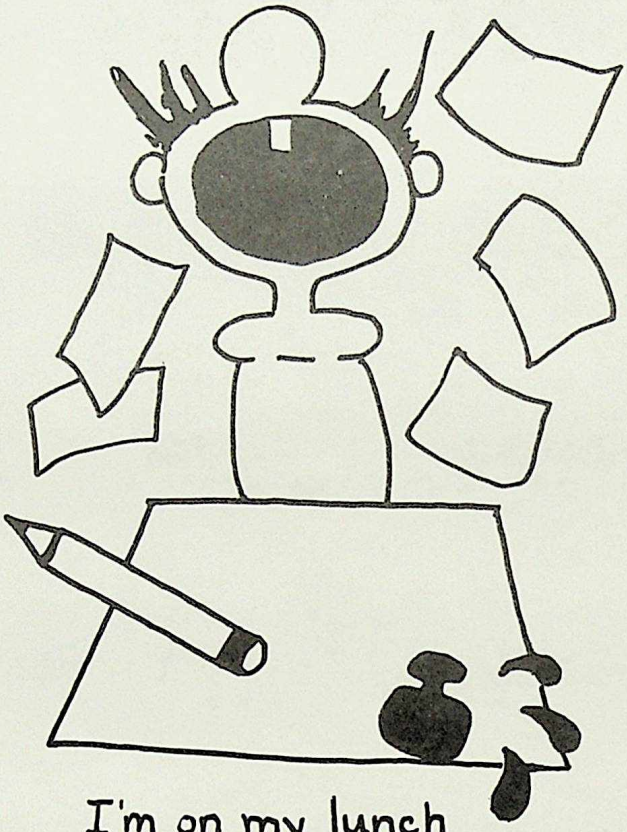
So, very briefly, my message is this:

Learn to contribute your share of work to society, and learn to use your leisure time wisely. Do both in a responsible way.

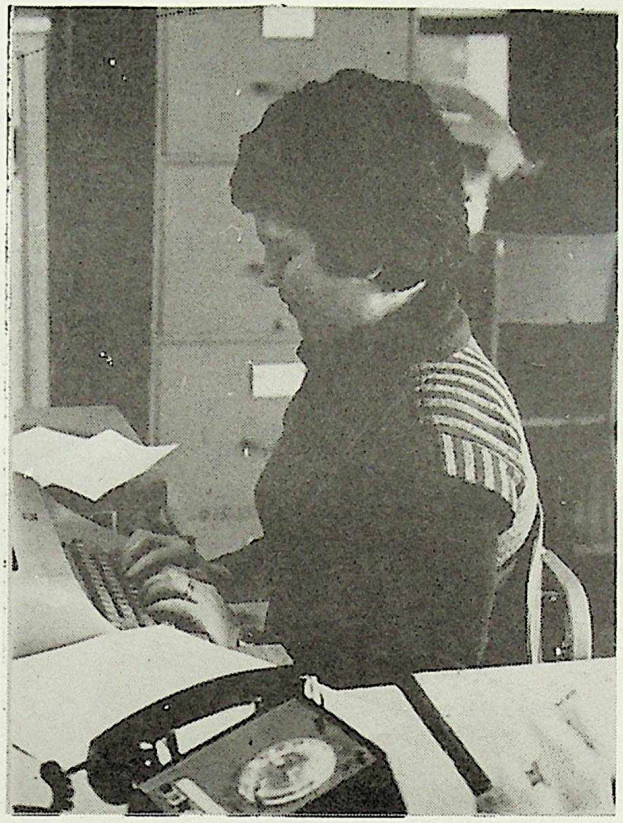
And now, I want to thank all the members of the school staff for their hard work and cooperation during this school year, as well as those students who attended regularly, tried their best all times, and showed respect for their teachers. Last of all thanks must go to all those who made this yearbook possible.

Best wishes to all of you for many years to come.

Martin Shaelen



I'm on my lunch
break- come back LATER!



Owed to Our Secretary

Mrs. Oshanek, we owe you a lot.
For all those favors you do for us.
Often we put you right on the spot.
Yet you respond without any fuss.

We wonder how you can maintain that smile
From early morning 'til the day is done.
Why don't you get mad at us once in a while,
Instead of carrying on as if it were fun?

Message from your counselor....

The year is over and all of you are looking forward to a great summer holiday and to next fall when you will be taking your place at one of our high schools.

I have gotten to know most of you during the past year and I shall remember many of the experiences we have shared. Who of us will ever forget our trip to the Brazeau Dam, when we crawled into our sleeping bags on a warm fall evening and woke up to a roaring blizzard?

Many of you have found the past year one of great change. You entered our school as children and it seems in this one short year you will be graduating as young gentlemen and ladies. Congratulations!

May I wish you all of the good things in life that are available to you if you continue to strive to complete your education. Never let life's many minor upsets turn you away from your goal of completing your schooling and subsequently gaining a good career.

If you take time as you go through life to get to know your fellow workers and be staunch and loyal to your friends, then you will always be sure of a helping hand should you find you need it. Good luck to you in all you do!

Don't Quit....

when things go wrong, as they sometimes will,
when the road you're trudging seems all uphill,
when the funds are low, and the debts are high,
and you want to smile, but you have to sigh,
when care is pressing you down a bit-
rest if you must, but don't you quit.

life is queer with its twists and turns,
as every one of us sometimes learns,
and many a failure turns about
when he might have won had he stuck it out,
don't give up though the pace seems slow-
you may succeed with another blow.

often the goal is nearer than
it seems to a faint and faltering man;
often the struggler has given up
when he might have captured the victor's cup;
and he learned too late when the night
slipped down,
how close he was to the golden crown.

success is failure turned inside out-
the silver tint of the clouds of doubt,
and you never can tell how close you are,
it may be near when it seems afar;
so stick to the fight when you're hardest hit-
it's when things seem worst that you
mustn't quit!

Thank you for the time we have shared. May you continue to grow in learning and love as you move through time.

Food for thought....

"I find the great thing in this world is not so much where we stand, as in what direction we are moving.

To reach the port of heaven, we must sail, sometimes with the wind and sometimes against it --

but we must sail and not drift, nor lie at anchor."

Oliver Wendel Holmes.

We have all grown and learned a lot this year. Try to incorporate the good things into your life and help to make others happy and you will achieve a satisfying life.

"School's Out"

School went slow and fast
some days,
We never knew how long the
year would stay
School is over for one years
gone
The summer is short and doesn't
last long,
For when school is over your
friends say "Hi"
To a friend it's never
good-bye...

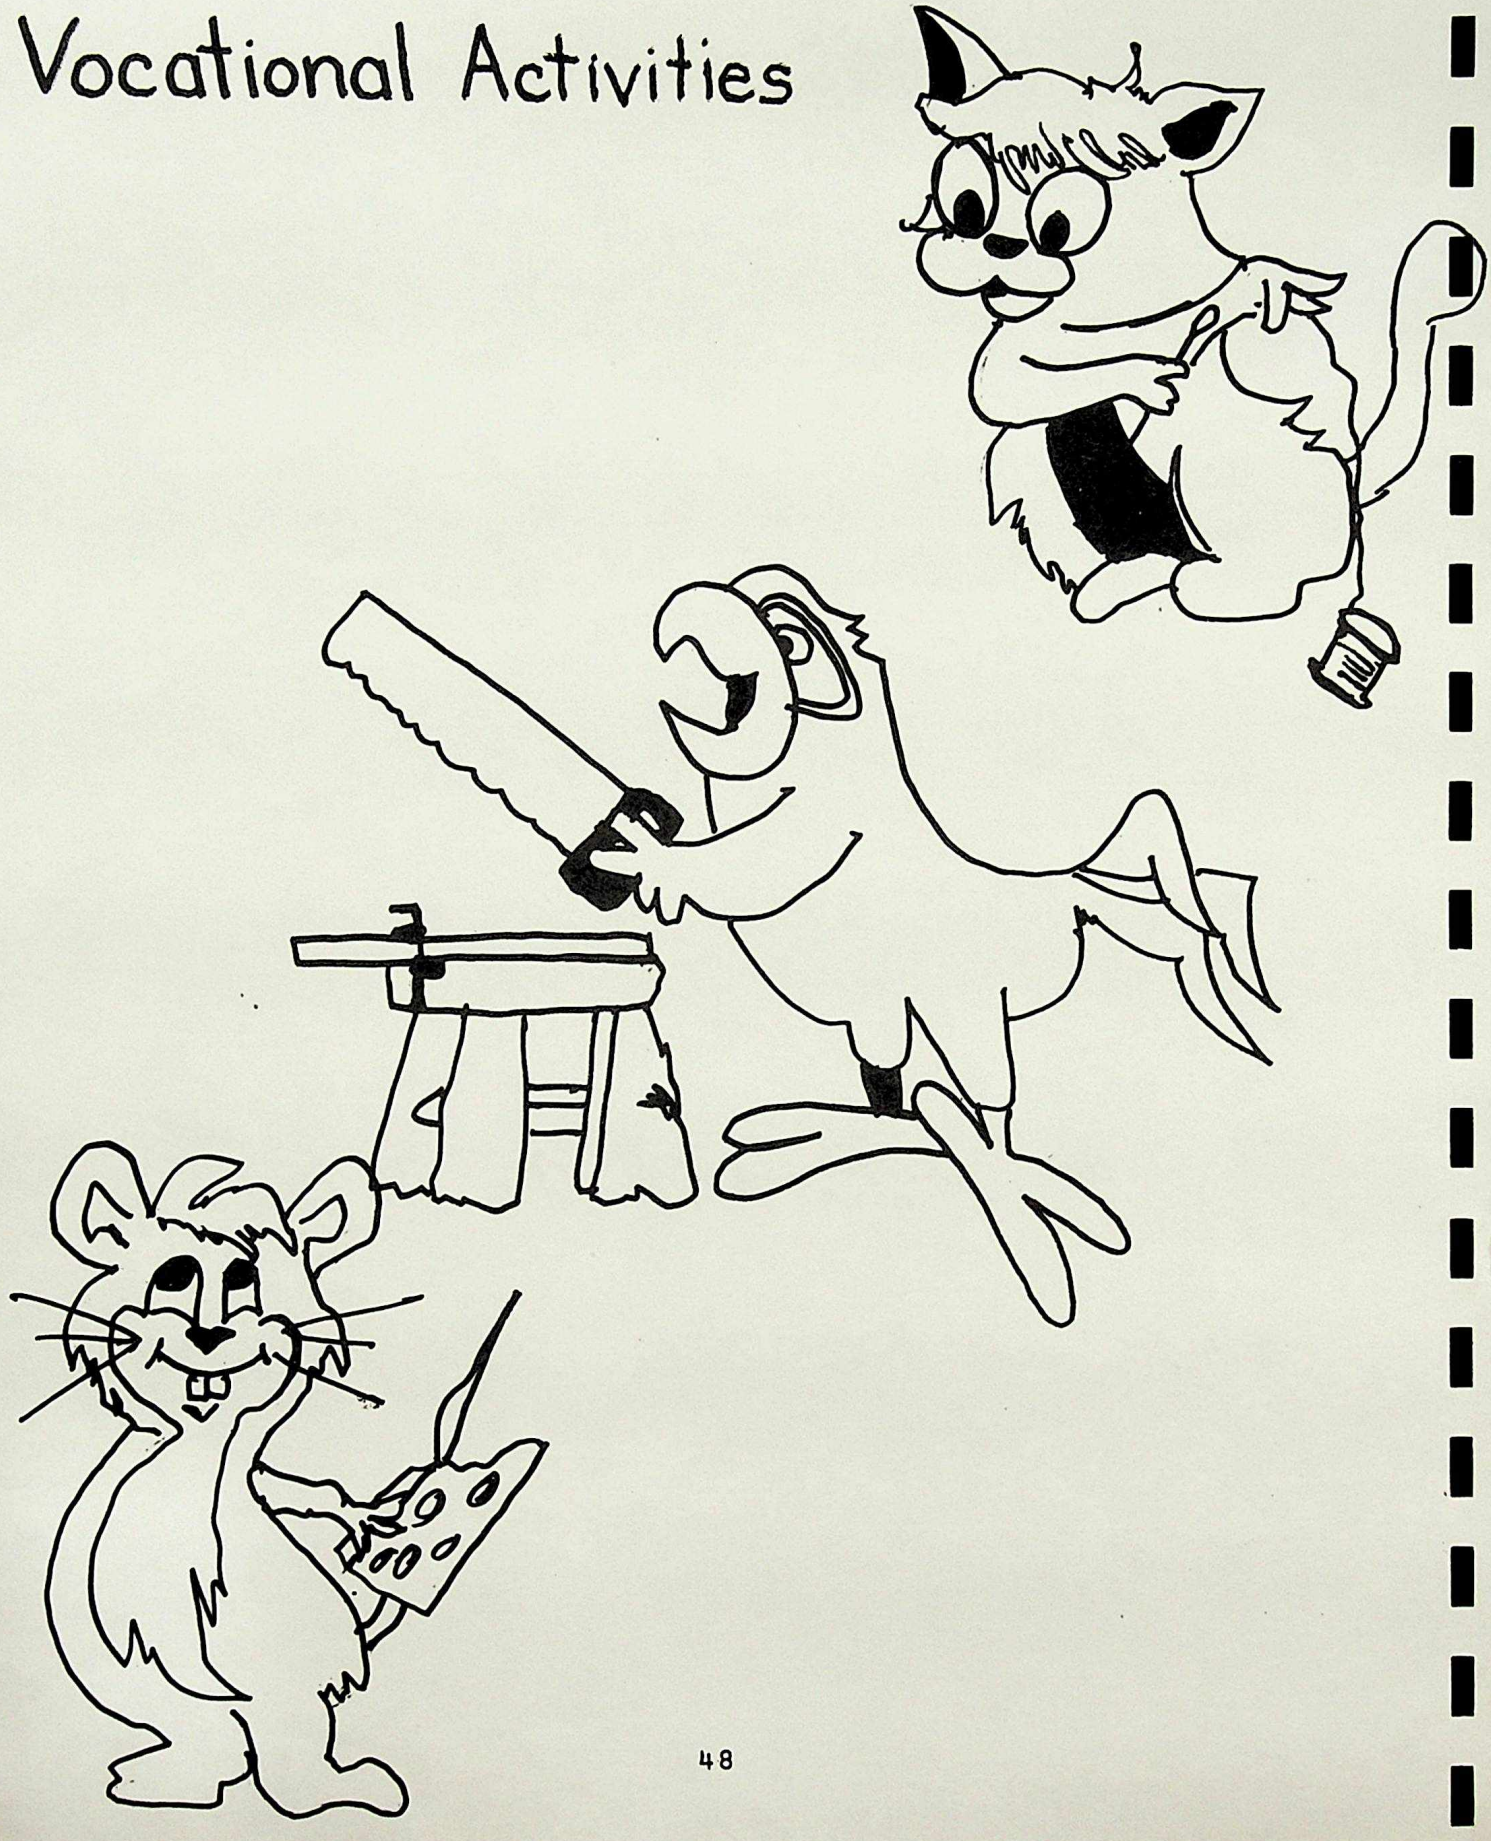
Vocational Activities



"Costly weapons do not make good soldiers" Just as expensive fanciful shops do not make good mechanics, therefore make the most you can out of your small engine class where no doubt you will always learn this fact of life

"Civility costs nothing but buys everything" and that "moderation is devine"

Mr. P. Emokpae (Patrick)

"People are like cinnamon buns, the more care they receive, the greater the heights to which they rise!"

Mrs. K. Glensk

"Students are the only people with supernatural powers because they can start on any kind of a job or assignment today and finish yesterday!"

Mr. H. Heuver

To make something shine one must polish it for a long time.

Mr. H. Kucher

Yesterday is but a memory.
Tomorrow an unchartered course.
So live today so it will be
A memory without remorse.

POEMS FROM CLASS 'B'

Here's a story of McKay Avenue
I like it and hope you do to
It's quite old but still very bold
Take a guess, it is still the best
Yes, it's McKay Avenue.

Here I am sitting in shop
All the noise makes my ears pop
But you know something
This room has a sing
Boy am I glad that I'm a
human being.

by: Darcy Eklund

There is a school called McKay
That stands a 1000 feet high
They can't buy it, but they've tried
Cracks in the walls as big as the halls!

by: Val MacPherson

S stands for a sunny place
C stands for cool
H stands for happy place
O on top of the roof
O stands for often different things happen
L stands for learning at the end of time.

by: Tracy Bydolek

Hai Ku by Sheila Fraser:

Love is the warm summer air
cuddling close with care
Next to a bright blazing fire.

Sweet air of love blows my way
sun rays beam down
Watching each second with care.

Wishing for spring air to come
breaking through winters
Carrying the passions of love.

by: Spring's a delightful season
growing and blooming
Spring is a flower season.

Lloyd MacDonald

L is for late and lippy
l is for lion in a lake
O is for the moon in the sky
Y is for a yellow belly
black bird.
D is for the month of May.

There was an old man from peru
He found ten bucks in a shoe
He tried to spend it
He found it was counterfeit
So he stuck it back in the shoe.

The Guy in My Life

Scrubby old jeans
but I dig it
He wears high boots,
but doesn't really need to
He has dark brown hair with a wave
This guy I'm talking about
You all should know this guy
loves cars and to play pool
Doesn't like to be pushed around
and likes to do as he pleases-
And he sure pleases me!

**** BITS AND PIECES ****

"Two Candles Burning"

Love is like two candles, burning side by side
Full of flame and beauty nothing between
them to hide.

Love is like two candles, burning side by side
One must go sooner, while the other
waits to die.

Only the wax is to remain holding
Within the sorrow, the pain, the heartaches.

Can't you see my friend what
I'm trying to say, don't fall in love
my friend, you'll see it doesn't pay.

You'll experience his beauty
and how wonderful he felt,
Then one day before your eyes,
You'll watch the candles melt.

by: Cheryl Bollman

Changing Weather by Denise S.

Winter is going but we
still have snow
Will we ever know when it
will go.
Spring has come with
Flower and rain,
Waiting for summer to come again.

Summer arose with the
rising sun
Suntanning and enjoying
all the fun
Fall is coming with the colored
trees
Isn't it beautiful, what we see.

Loneliness

Nobody is around
Scared of large places
When alone.
Seems like no one cares
Loving other people
But other people not
Loving you.

by: Lisa Church

"LOVE"

Two people
Meeting together
Falling in love with
Each other
Loving each other
Forever and ever
more...

by: Rick S.

"LOVE" by: Denise S.

Love is memories
with each other,
Solving problems with
one another.
Pulling through all your
doubts,
Finding together what life
is all about

Love is people, Mom and
Dad,
Love is also sometimes
sad,
Through all our life,
love will stay
Love is a word that
will light the way!

It's really confusing when I'm this way
It seems like God doesn't even understand

It's probably because my parents
don't understand me
Sometimes I think it would be better

G. Charles

K. Smigelski

D. Lukinuk

... But the teachers are crasy.....

Jim Smith

... I really think there is absolutely nothing wrong with this school.....

"Hi there"

Are you having problems with your pimples? Well here's what you can do. Run to your nearest store and ask for Hicky Pimple Pads, a sure win, and you will never see a pimple pop up ever.

Here's how it works, our pads work so good. You just put them on at night, wake up in the morning with baby fresh skin. And for those moon-size craters on your face we have true colour complete with plaster and paint.

So if you are tired of looking like a walking wart get..

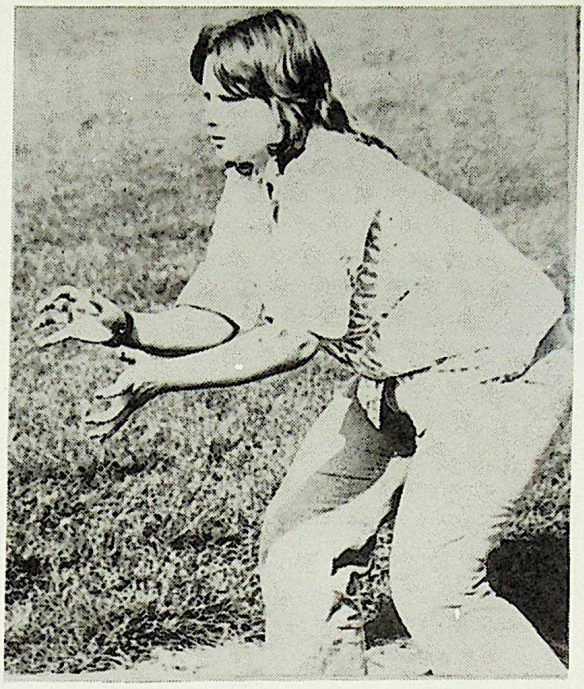
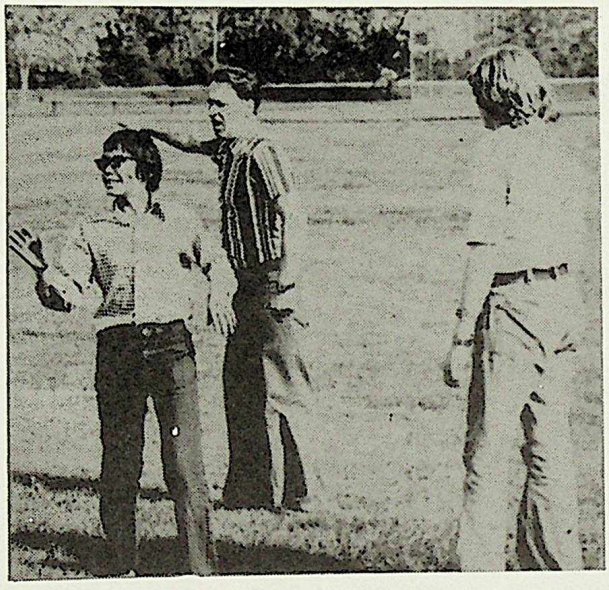
How much more is there of this?



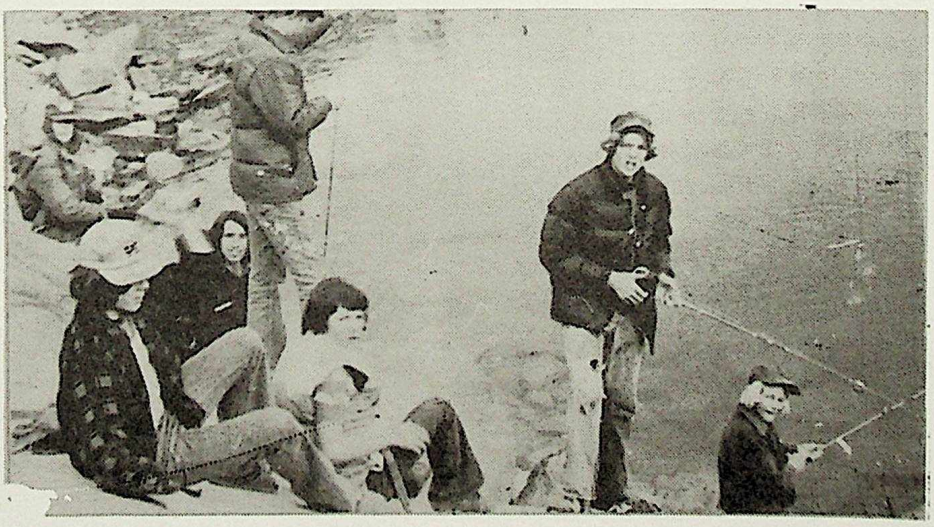
I'll catch it, don't worry!



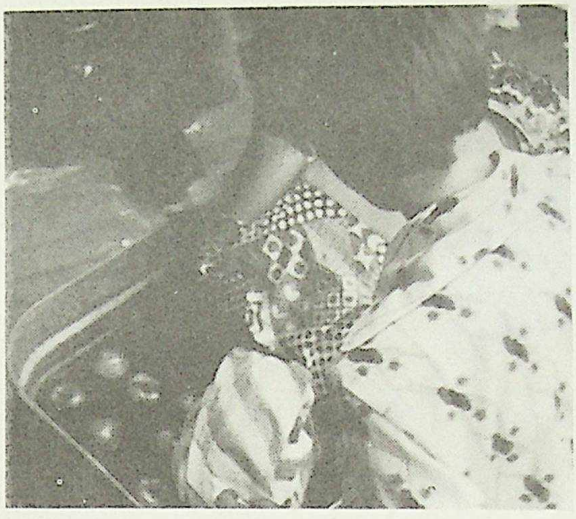
Come on umpire, put your glasses on!

Is that how you wash dishes?

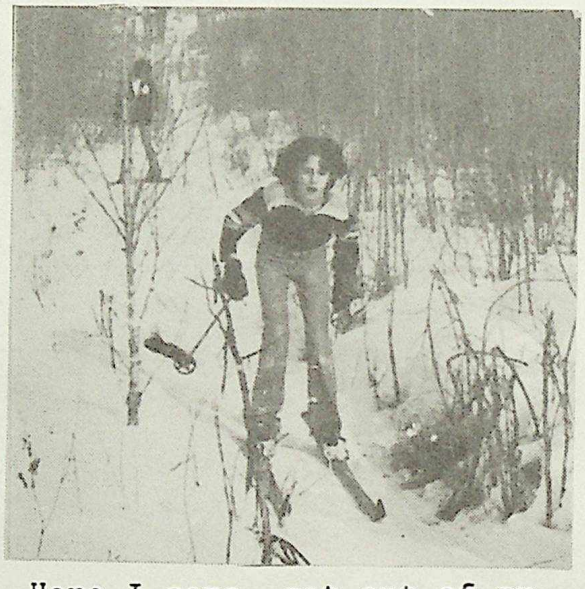
Who said there were fish in this river?



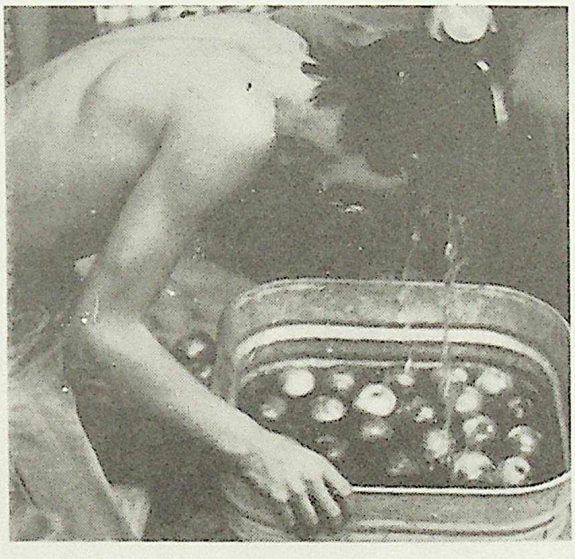
How do these bindings work anyway!



Is she ever coming up for air?



Here I come, get out of my way: or else!



I did it!
And I'm not even wet!

This is the life!

The spooks of McKay

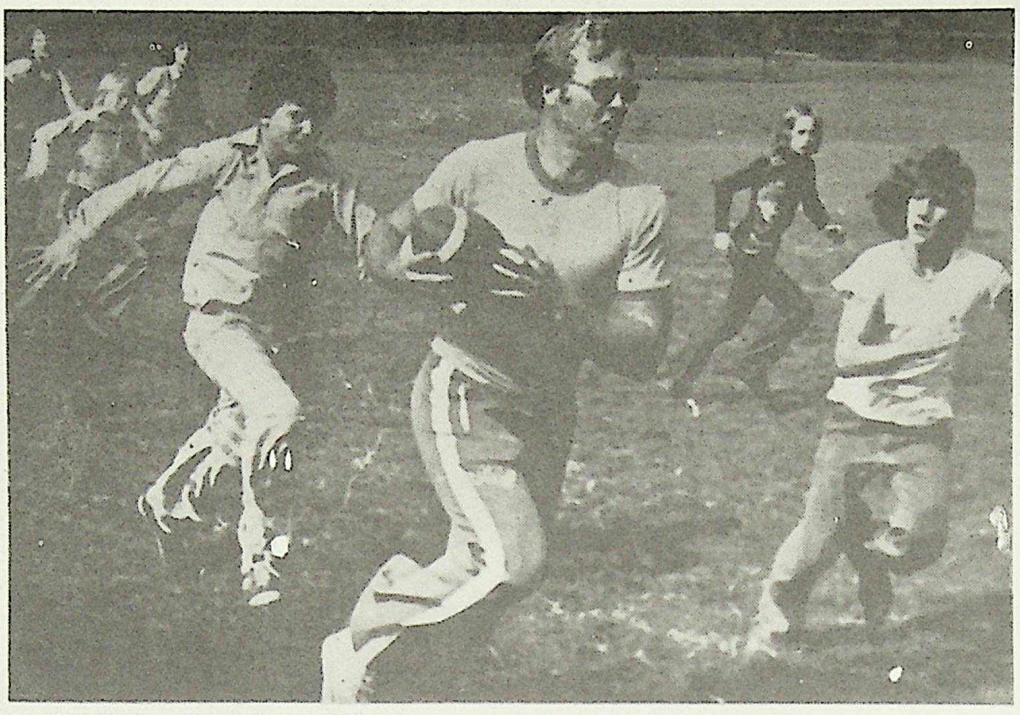
Ah! Home was never like this!

I'm cooler than the Fonz!

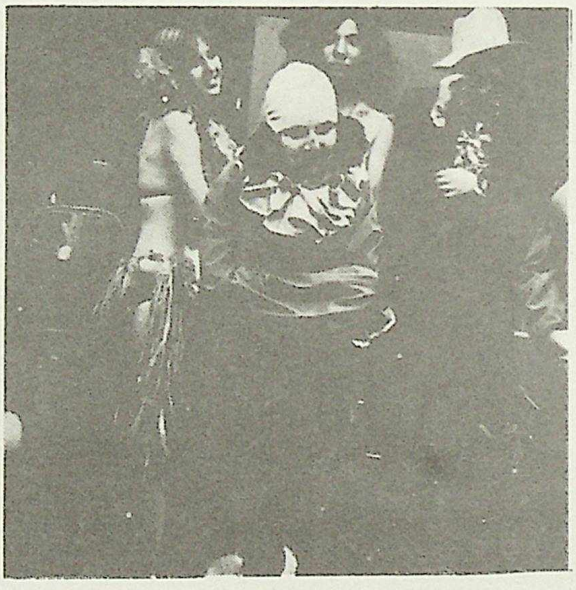
It's not difficult, just open your mouth w_____ide.

Who's the doll in the middle?

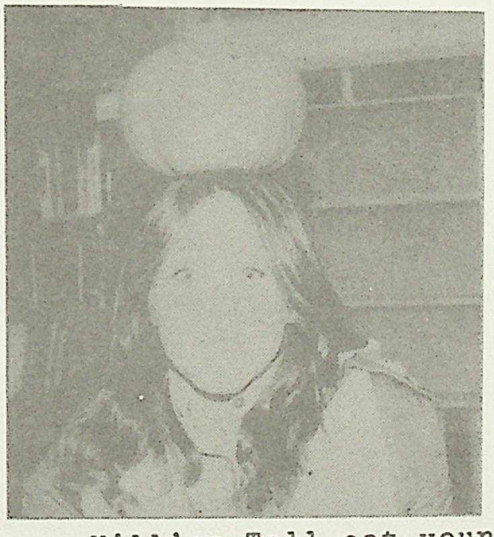
One big happy family, eh Dad?



Just try and touch it.



I'm disgusted, look at all that skin she's showing.

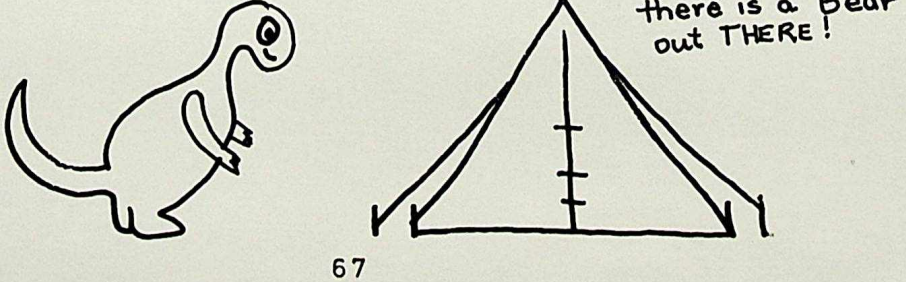


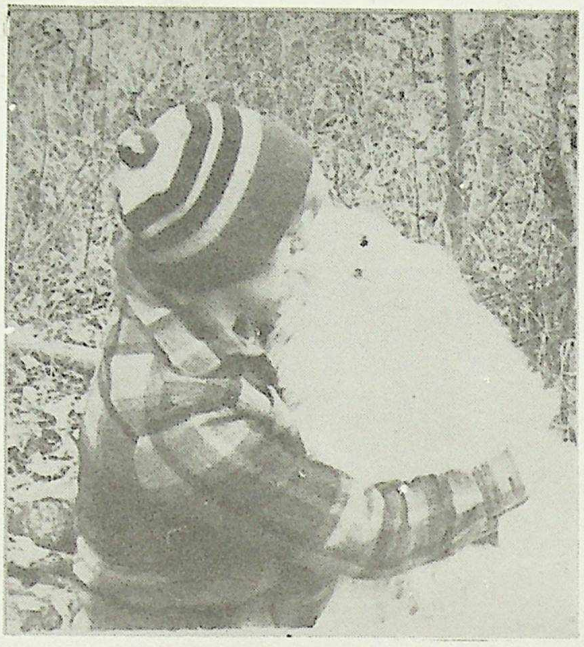
William Tell eat your heart out!

Which side do I get on?

I tell you, there were big mean bears out there!

Hey! People live here!

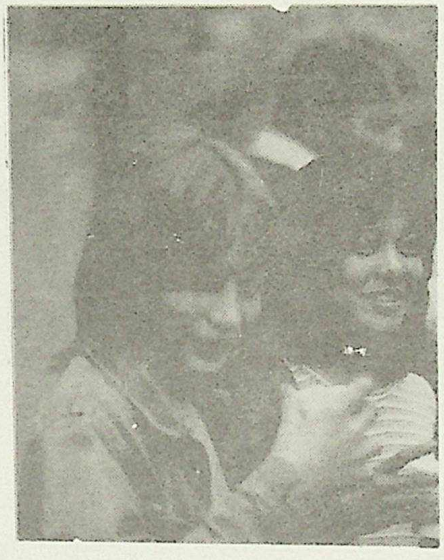




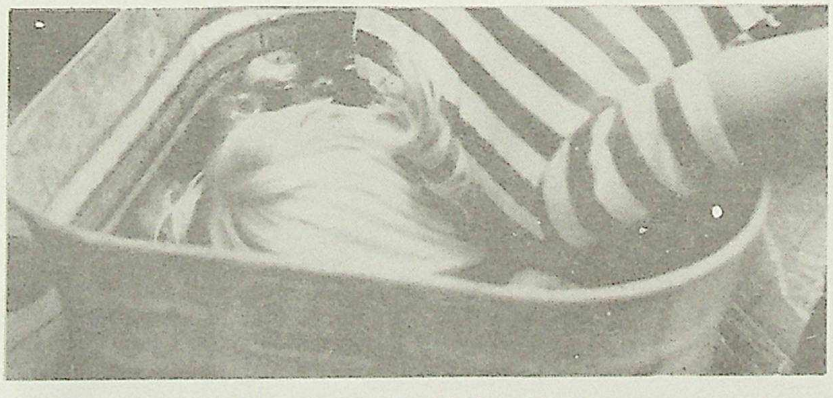
Would you like a pancake dear?

Mm..Mm.. I love camping.

Just what is it that you do with this?



We're not doin nothin



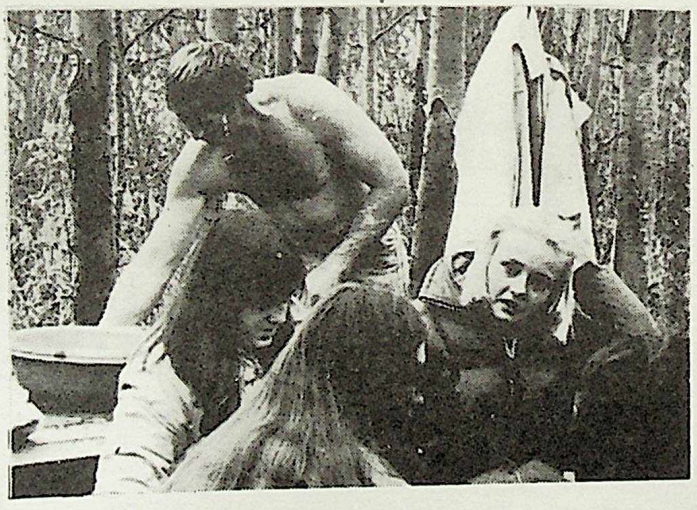
Man, am I thirsty

"Once upon a time
there were three bears"

"What tender love"

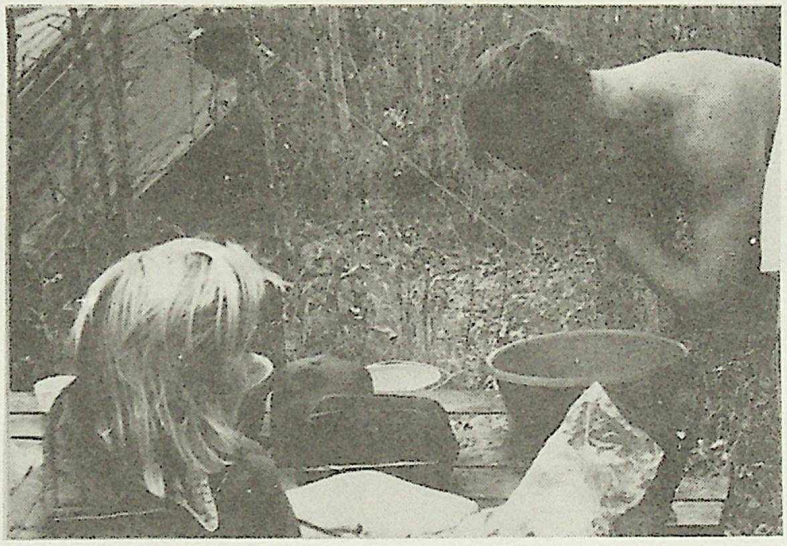
The best behaved class at McKay
Now if all my classes were like this!

I am ready!



All this effort and look
no appreciation.

"McKay Avenue Light Brigade" under the command of Lt. Col. Meek of the Fleet Air Arm (hay burning division)



Morning rituals ..Allah..Allah..

"Haven't I told you six or seven times how to do that?"

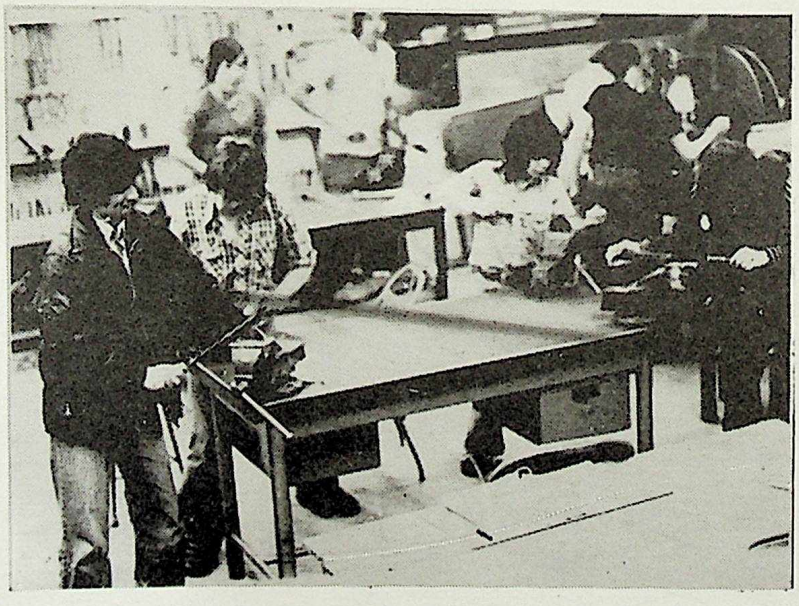
Come on guys, push!

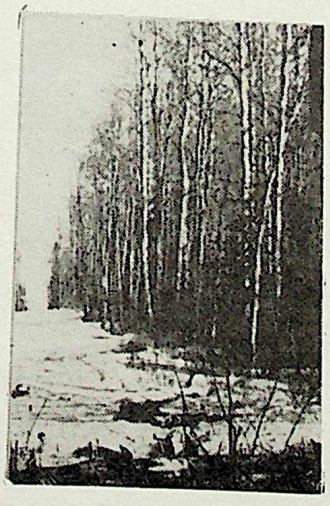
Do you give?

The pan handlers of today.

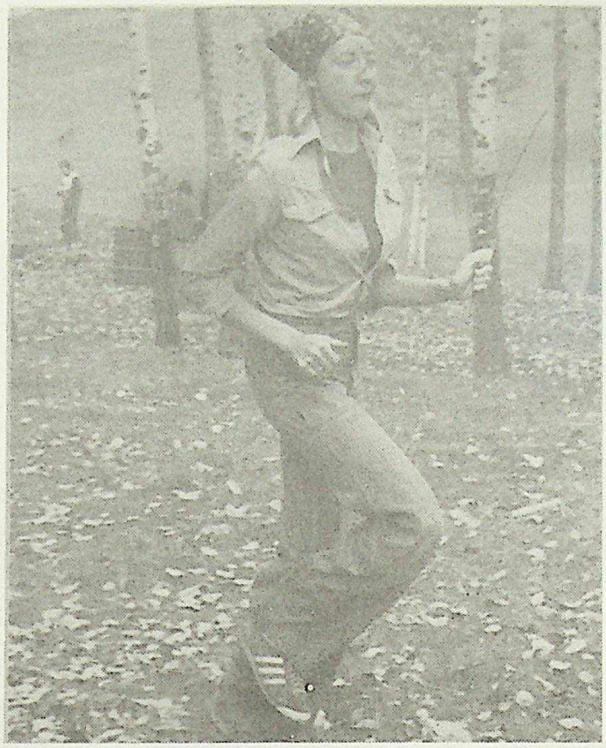
Ah! the
fire took
my hotdog!

Nothing to it!





How do you stop this?
The brake pedal is right down!



Just you wait till I catch you!

Hey..don't bug me!

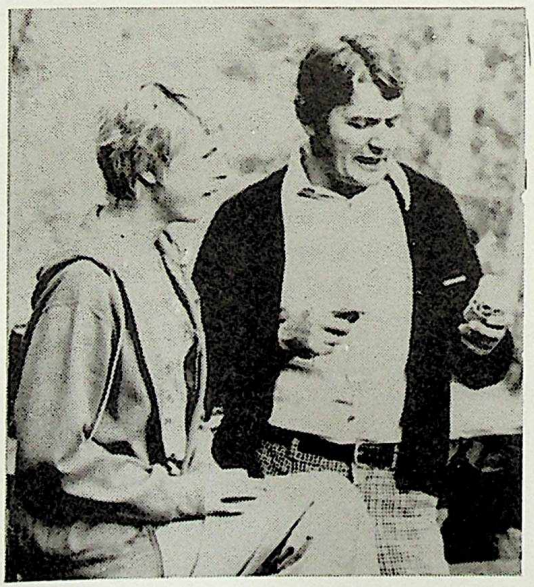
Did someone see a boy?

I got the hang of it now.

Like our house?

I tell you how to
control those teachers!

You should see my back-hand!



Now you should have
read the instructions
before you put it
in your mouth!

It says here it
takes a month to loosen.

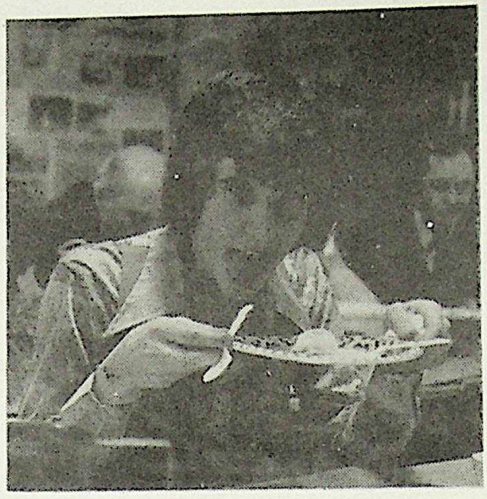
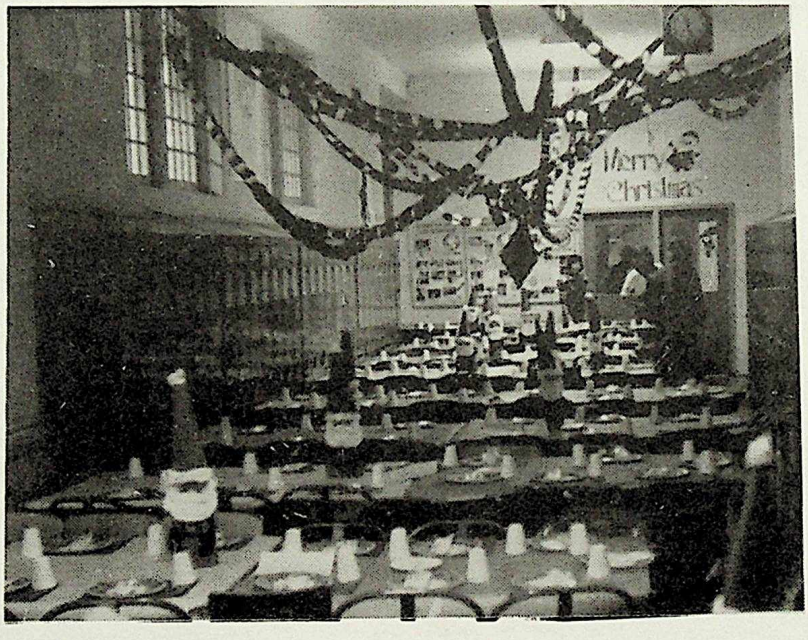
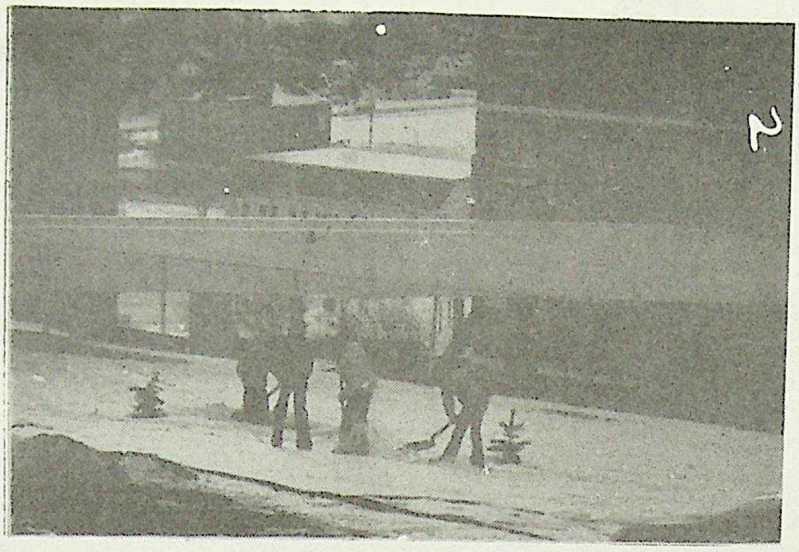
Our Christmas Dinner



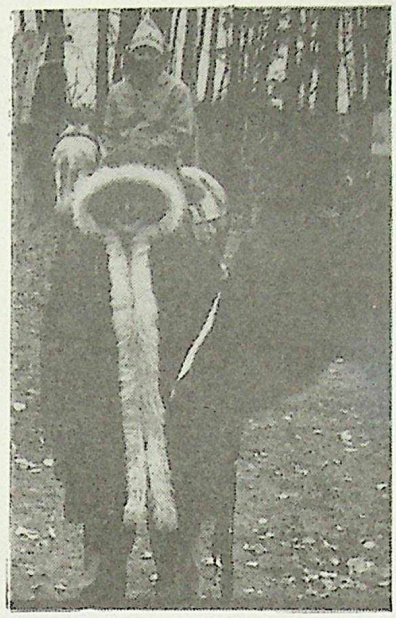
Time to sample the product!



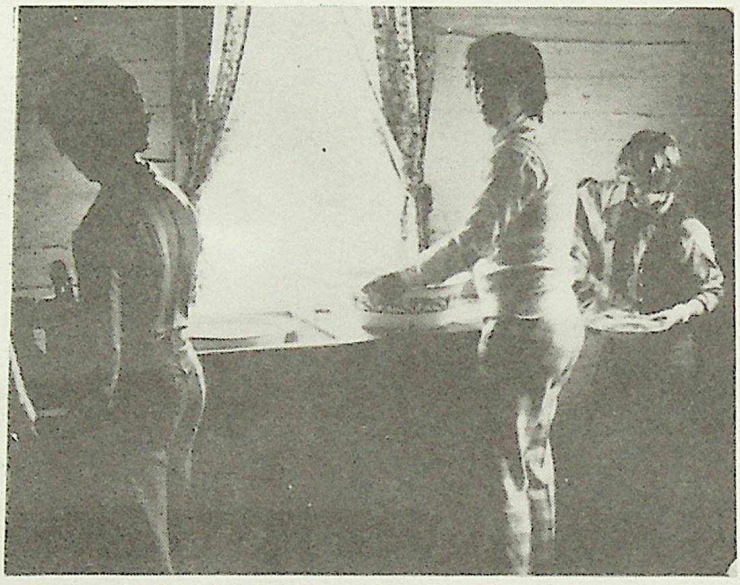
The minute before Xmas dinner
And all through the school
Not a creature was stirring
Nor breaking the rules....



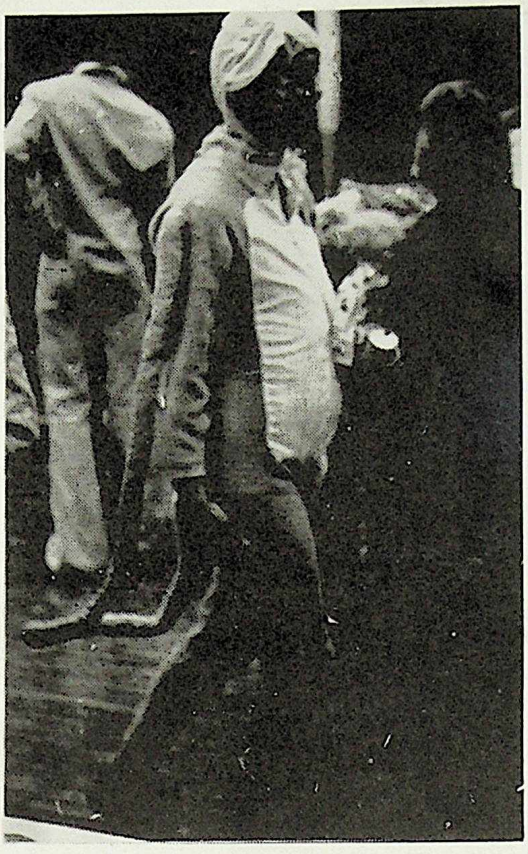
Digging up the GHOST



Can I take him home...
Please!!!

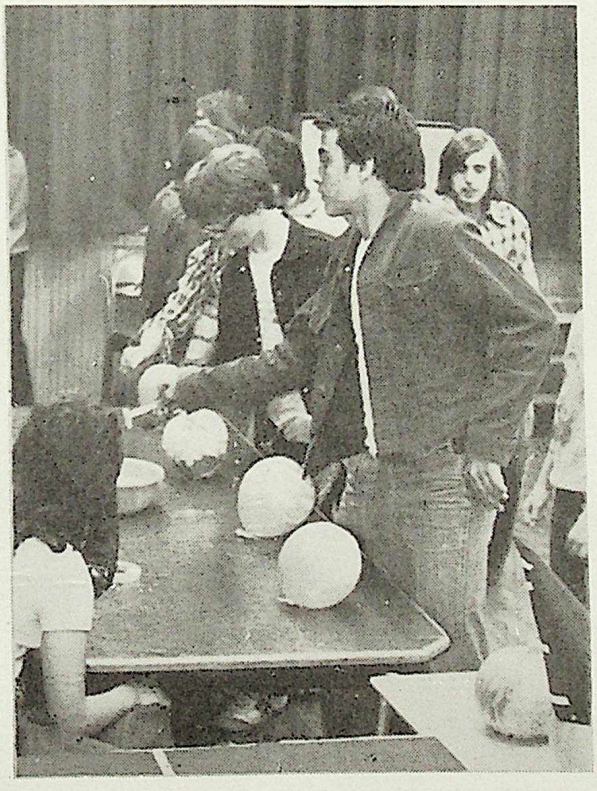


Just one more day to go!



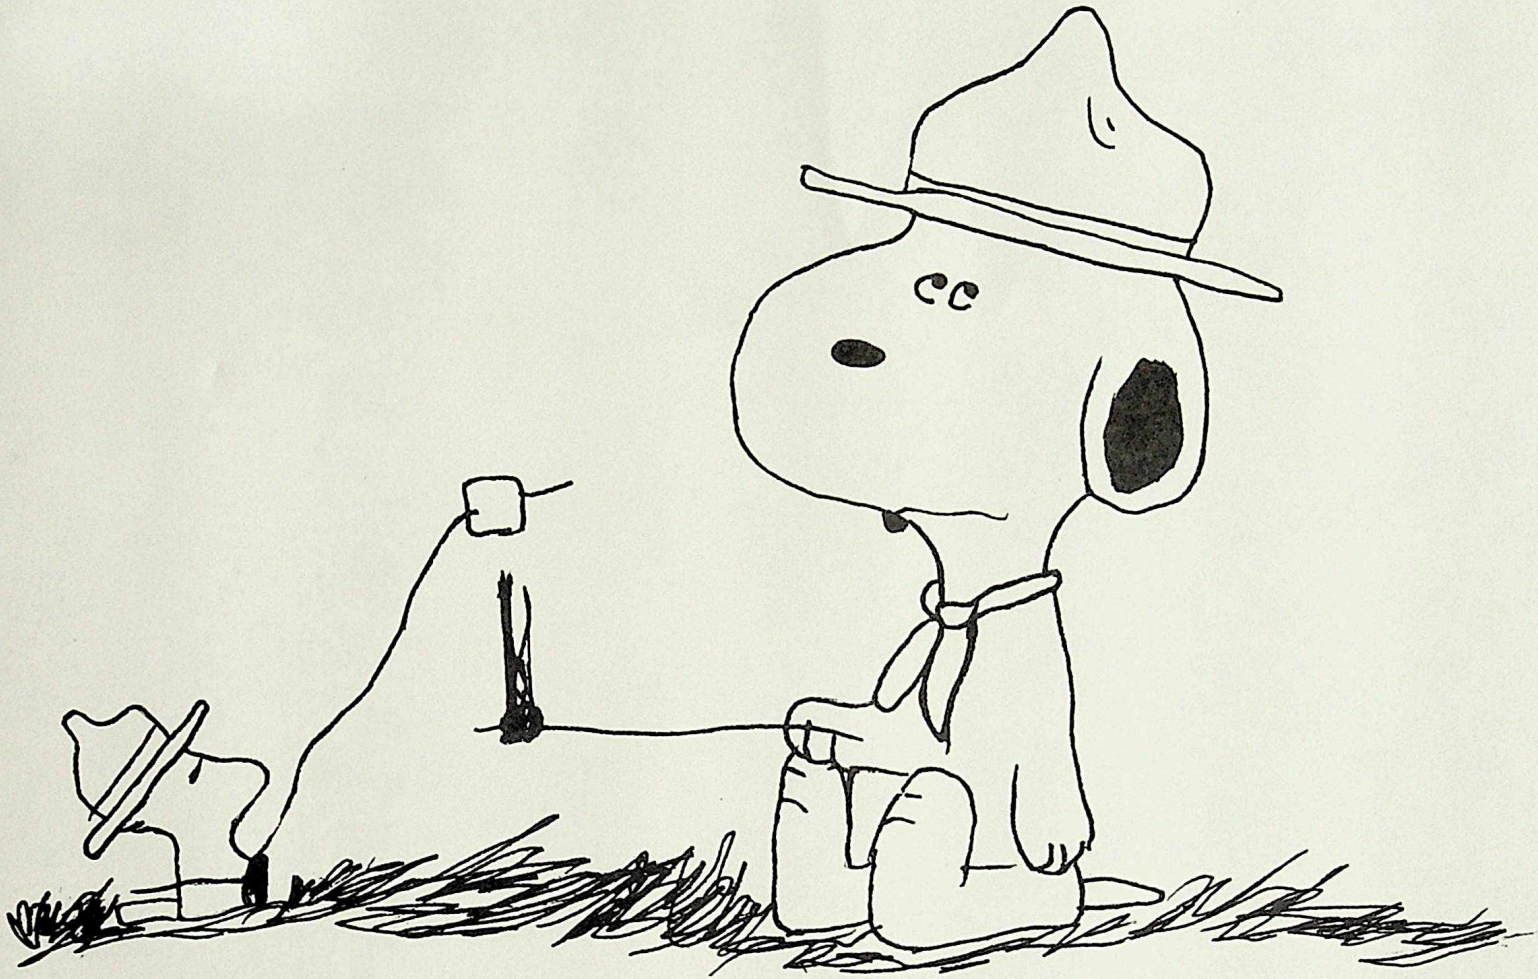
In the Land of Oz.

Watch it! Here come the fuzz!



Now that I have graduated, anyone for a shave?

It was My kind of Day!



Really, it is a lot of fun!

Cooking at Cooking Lake.

Just leave the skeleton Judy!

I could hardly believe
he would do that!

MY POLICEMAN

He is always standing there
At the corner of the Square;
He is very big and fine
And his silver buttons shine.

All the carts and taxis do
Everything he tells them to,
And the little errand boys
When they pass him make no noise.

SALLY in OUR ALLEY

Of all the days that's in the week
I dearly love but one day-
And that's the day that comes betwixt
A Saturday and Monday;
For then I'm drest in all my best
To walk abroad with Sally;
She is the darling of my heart,
And she lives in our alley.

A Different Drummer

If a man does not keep pace
 with his companions,
Perhaps it is because
 he hears a different drummer.
Let him step to the music
 he hears,
However measured or far away.

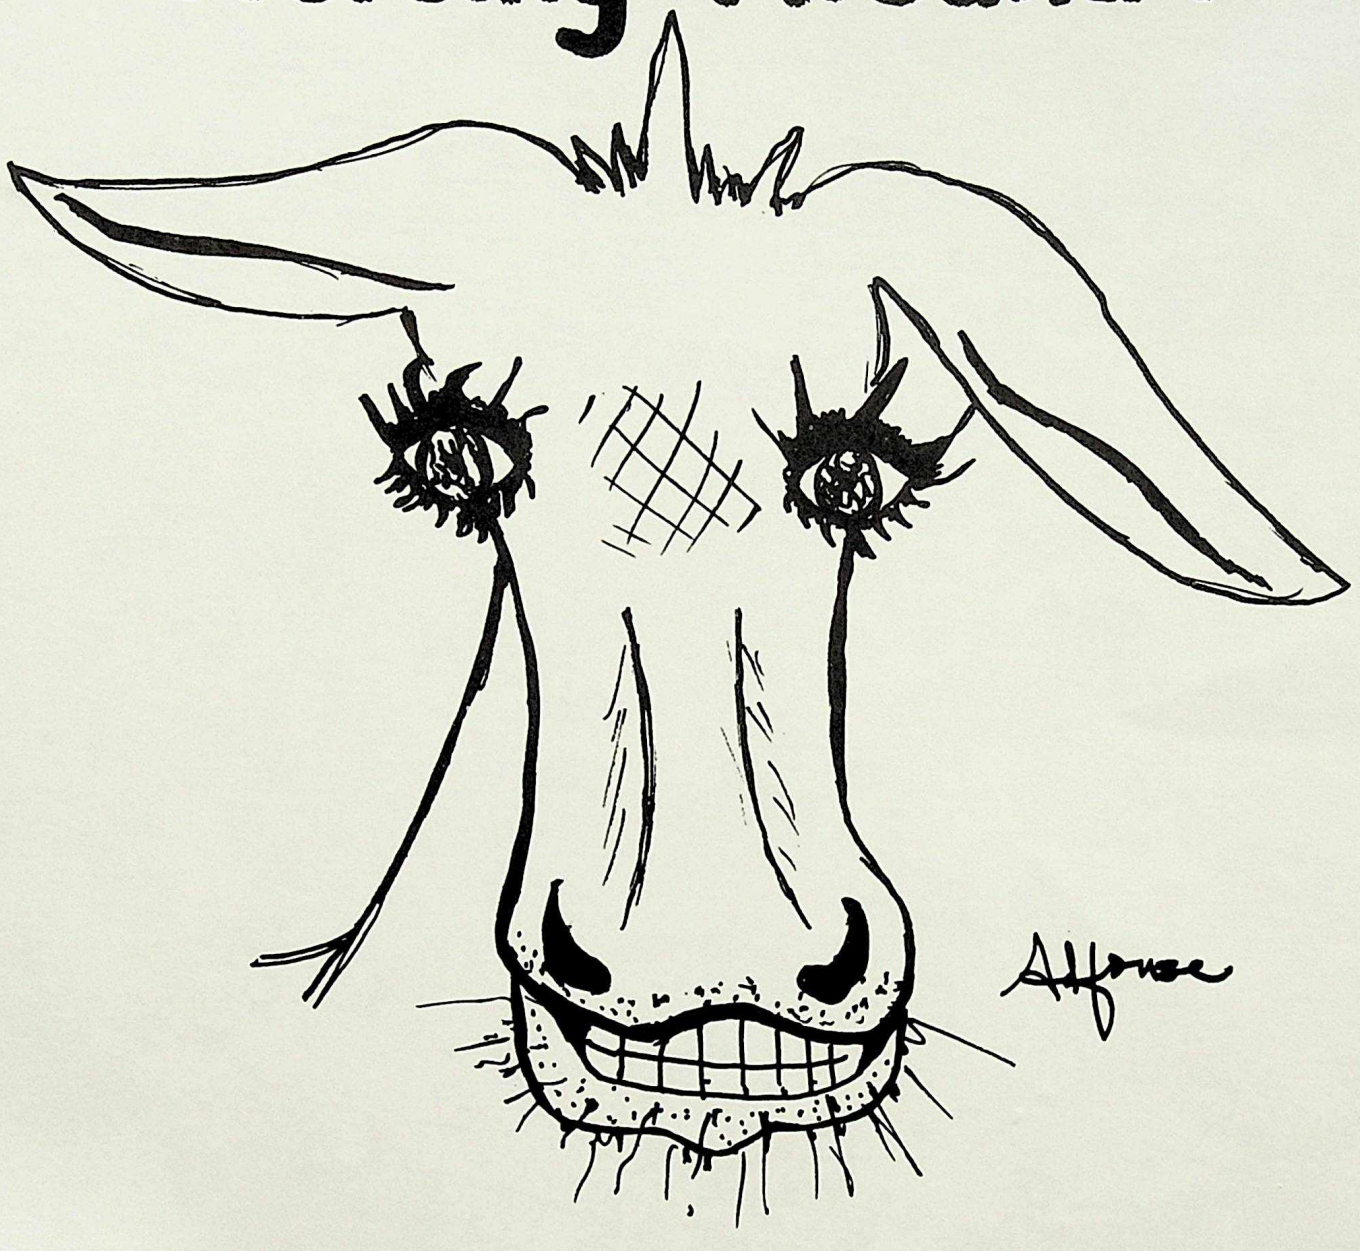
Horsing Around!



There's a season
for beginnings

When the world
is fresh and new,

When we shape our dreams
of all the things
we plan and hope to do,

There's a season
for maturing

When we think
and work
and grow,

There's a season
for the harvesting

of all
we've come to know

and each successive season
grows still richer

than the last
as treasures

of the present
add to memories

of the past.
